Name: "Kanekechi" - Absolutely loves money.

Name: "Taberun" – Taberun loves to eat. I especially like radish curry.

Name: "Gou" - Always ready with a club in hand, brave and caring towards comrades.

Additionally, we plan to gift an original NFT exclusively to those who own all three types of NFTs.

Purchasing in NFT card format means you'll receive all three NFTs in a set, contained within an NFT card, ensuring a complete collection and great value !

【What is an NFT Card? 】

An NFT card is a sales solution for NFTs sold by Zaif INO, utilizing a simplified version of the "PiGET" light-user-focused hardware wallet developed by Bacoar dApps Inc. It's a new type of hardware wallet based on WEB NFC technology. Users can access a web app and operate their wallet simply by tapping the card on the back of their mobile device.
