**CAICA COIN (CICC) will be added to the list of supported  
cryptocurrencies for the NFT credit card sales service "Piement"!**

We are pleased to announce that CAICA COIN (CICC), a cryptocurrency issued by CAICA DIGITAL Inc. (Headquarters: Minato-ku, Tokyo; President and CEO: Shin Suzuki; hereinafter referred to as "our company"), will be added to the list of supported cryptocurrencies for Piement, a service that allows NFT projects to integrate credit card sales functionality easily. XYZ Inc., represented by CEO Taku Miyamoto, operates Piement.

As a result, when NFT projects utilize Piement's credit card sales function, they will be able to select CAICA COIN (CICC) as the payment cryptocurrency. This will expand the utility of CAICA COIN (CICC).

The support for CAICA COIN (CICC) on Piement is scheduled for late 2024.

We will continue to enhance the value of CICC and contribute to the development of Web3.

## 【Purchase Process】

Purchase NFTs sold by  
CICC with a credit card

Enter wallet address and  
credit card details.

Mint Completed !

## 【Piement】

Piement is a service that enables NFT projects to integrate credit card sales functionality easily. Users can also pay for gas fees during minting with a credit card, allowing those without cryptocurrencies to make purchases. This broadens the reach of NFTs to a wider audience.

## 【CAICA COIN (CICC)】

This is a cryptocurrency issued by our company with a record of accomplishment of seven years. It operates on the Ethereum network and complies with the ERC20 standard. In 2023, it also became compatible with Polygon, evolving into a multi-chain coin.

It is one of the few cryptocurrencies issued by a listed company in Japan and tradable on cryptocurrency exchanges.
